and Friends ICT Solution
Partnership

Date: July 31, 2014

Ref No: SYNT/0022/2006

Letter of Recommendation

Samuel, Yidnekachew and Friends ICT Solution Partnership, is a privately owned IT solution provider company operating in Ethiopia. As one of its activity our organization has entered a contract with Ministry of Communication and Information Technology for the Development and Implementation of e-Learning Portal for Networking, ITIL and ITPM courses. Accordingly we have subcontracted MAKE Enterprise for the ITIL section.

We would like to thank MAKE Enterprise for their professionalism, timeliness and delivery of their assignment above our expectation by availing the promised consultants.

We appreciate the efforts and commitment of MAKE Enterprise. We highly recommend their professional & well-rounded technical team. We will continue to partner with MAKE Enterprise as the first choice for our future similar needs.

Regards,

Samuel Tehame
General Manager
