To Whom It May Concern

Subject: Recommendation Letter to Make Enterprise

Farm Africa is an international charity organization working to reduce poverty in rural Eastern Africa by helping farmers grow more, manage their natural resources better, and sell their products for more. Farm Africa works in partnership with communities, government, local and international organizations, and the private sector to innovate, learn and share best practices for the maximum impact of its projects.

This is to certify that Make Enterprise provided Farm Africa consultancy services for the Mapping of Farm Africa's Project Management Process. The Company undertook the task with professional excellence and delivered as required.

In connection with this, we would like to confirm that we have no hesitation to recommend Make Enterprise for similar assignments.

Sincerely yours,

Nigatu Yohannes
Head of Corporate Services
Farm Africa, Ethiopia
